Catalog of Products and Services

Everything you need for Growing Plants in

Hydroponics

Organics

Aquaponics

&

Phytoponics *(Planted Tanks)*

Our Speciality – environment-friendly – NO FRILLS PACKAGING!!! – Click on the DISTRIBUTOR'S LIST to locate the outlet nearest to you
Please print a copy of this catalog for reference purpose – BUT check on the latest updates before ordering, especially product codes & product pricing

Name of Product	Product Description	Quantity Ordered	Unit Cost S\$	Amount Payable (S\$)
A. Seeds (price for other varieties will be quoted upon request)				
A1 Tomato	Sweet Chelsea Cherry tomato (20 seeds) from USA		S\$8.00	
A2 Jap Cucumber	Burpless cucumber (20 seeds) from Taiwan		S\$6.00	
A3 Lady's Finger	Tender Green (20 seeds) from Taiwan		S\$6.00	
A4 Lettuce	Tropical Loose Head Lettuce (10 g) from Taiwan		S\$6.00	
A5 Chinese Vegetables	Choy Sim, Pak Choy, Kalian, etc (10 g) from Taiwan		S\$6.00	
A6 Hobby Packet	All types from Malaysia		S\$2.00	
A7 Sprouter Seeds	All types – Alfalfa, Water Cress, Clover, Radish, Cabbage, Kale, Barley, etc (10 g) - from Korea		S\$ 10.00	
A8 Other Seeds	<p>Pl ease e-mail to us at sales@singaporehydroponics.com for our quotation</p> <p>If we do not have stock – we shall source for you! Any seeds from any part of the world. Give us time as we have to go through Phyto-Sanitary Certification process eg. Acacia mangium, Lucerne, etc...</p>			
B. Seed Germination Media / Trays				
B1 Sponge Cubes	1" x 1" X 1" pre-cut germination sponge cubes ideal for germinating delicate seeds		S\$3.00	

Prices quoted in this catalog are subject to revision at the discretion of HPC – based on market supply & demand
All our products at HPC are of the highest quality and the cheapest price – THE best deal in the market!
HPC is looking for honest distributors all over the world – if interested pls contact us at hpc@singaporehydroponics.com

Our Speciality – environment-friendly – NO FRILLS PACKAGING!!! – Click on the DISTRIBUTOR'S LIST to locate the outlet nearest to you
Please print a copy of this catalog for reference purpose – BUT check on the latest updates before ordering, especially product codes & product pricing

	(2 X 96 cubes - 2 slabs)			
B2 Sponge Cubes	1" x 1" X 1" pre-cut germination sponge cubes ideal for germinating delicate seeds (1 X 24 cubes)		S\$0.50	
B3 Cotton Wool	A ball of water absorbing cotton threads (sample packet)		S\$0.50	
B4 Petridish	disposable plastic dish ideal for germination large seeds prior to inserting into sponge cubes(2 Petri dishes / pack)		S\$3.00	
C. Seedlings (in sponge cubes – need 2-4 weeks notice)				
C1 Leafy Veggies	3-4 numbers of 1-2 cm tall seedlings in a sponge cube – min order 1 slab of 96 cubes Self-collect – order 2 wks in advance		S\$0.24	
C2 Fruit Veggies	ONE 2-5 cm tall seedling in sponge cube – min order 1 slab of 96 cubes Self-collect – order 2 wks in advance		S\$1.00	
C3 Ornamentals	ONE 2-5 cm tall seedling in sponge cube – min order 1 slab of 96 cubes Self-collect – order 2 wks in advance		S\$1.00	
D. Growing Media (volume indicated is approximate only as growing media crumbles during transport & handling)				
D1 LECA Balls (2 L)	Light Expanded Clay Aggregate ideal for supporting seedlings and also quite aesthetic for potted plants		S\$4.00	
D2 LECA Balls (4 L)			S\$8.00	
D3 LECA Balls (5 L)			S\$10.00	
D4 LECA Balls (10 L)			S\$16.00	

Prices quoted in this catalog are subject to revision at the discretion of HPC – based on market supply & demand
All our products at HPC are of the highest quality and the cheapest price – THE best deal in the market!

Please print a copy of this catalog for reference purpose – BUT check on the latest updates before ordering, especially product codes & product pricing

D5 LECA Balls (50 L)			S\$44.00	
D6 Coco peat (2 L)	An ecologically-friendly bio-degradable and recyclable material derived from the dust of the coconut husk - has high water-holding capacity and is ideal for growing fruit vegetables like tomatoes, cucumbers, etc. It is fast re-placing the traditional rock wool. It can be used to prepare pot mix. It can also be added to the soil in potted plants to prevent soil hardening		S\$3.00	
D7 Coco peat (5 L)			S\$5.00	
D8 Coco peat (10 L)			S\$9.00	
D9Coco peat (30 L)			S\$21.00	
D10 Vermiculite (1 L)			S\$2.00	
D11 Vermiculite (5 L)	baked micaceous mineral rock with HIGH moisture holding capacity - ideal for germinating seeds, growing bulbs and a good additive for hydroponic aggregate mix		S\$8.00	
D12 Vermiculite (10 L)			S\$15.00	
D13 Vermiculite (20 L)			S\$24.00	
D14 Perlite (1 L)			S\$1.00	
D15 Perlite (5 L)	light weight mineral rock with LOW moisture holding capacity - ideal for leafy veggies, fruit vegetables like tomatoes, etc., growing bulbs, rooting of stem cuttings and a good additive for hydroponic aggregate mix		S\$5.00	
D16 Perlite (10 L)	light weight mineral rock with LOW moisture holding capacity - ideal for leafy veggies, fruit vegetables like tomatoes, etc., growing bulbs, rooting of stem cuttings and a good additive for hydroponic aggregate mix		S\$10.00	
D17 Perlite (30 L)			S\$28.00	
D18 Urban Compost (5 L)	made from wood chips obtained from tree prunings		S\$5.00	
D20 Urban Compost (10 L)			S\$8.00	

Our Speciality – environment-friendly – NO FRILLS PACKAGING!!! – Click on the DISTRIBUTOR'S LIST to locate the outlet nearest to you
Please print a copy of this catalog for reference purpose – BUT check on the latest updates before ordering, especially product codes & product pricing

D21 Farm Compost (5 L)	from chicken & cattle manures		S\$5.00	
D22 Farm Compost (10 L)			S\$8.00	
D23 LUSHGro Potting Mix (5 L)	mixture of growing media obtained by mixing sand + peat moss + perlite + vermiculite + rice hull + lime + soluble nutrients +++		S\$ 5.00	
D24 LUSHGro Potting Mix (10 L)			S\$10.00	
D25 Sphagnum Moss–Peat (10 L)	From Canadian or Lithuanian Bog Peat – shredded – no added lime		S\$6.00	
D26 Sphagnum Moss – Dried (ONE kg compressed bale)	From Japan / Taiwan – whole, dried & compressed		S\$25.00	
D27 Rice hull Burnt (1 L)	after milling the rice kernels, the husk called as hull is burnt and used as a medium for growing plants along with other media - this is rich in silica and potassium - it serves well as an ideal medium as it not only contributes nutrients but also absorbs any off-odor and keeps the system clean and hygienic - can add to a maximum of 10% of any growing media mix		S\$2.00	
D28 Rice hull Burnt (5 L)			S\$10.00	
D29 Rice hull Burnt (10 L)			S\$15.00	
D30 Washed River Sand (1 L)	a well proven media for growing any plants by sand culture - can be used alone or in combination with other media - good for growing cucumbers, melons, pumpkins, gourds, etc...		S\$2.00	
D31 Washed River Sand (5 L)			S\$8.00	
D32 Washed River Sand (10 L)			S\$10.00	
D33 Granite Chips (1 L)	A heavy weight media usually good for growing Bougainvilleas, palms and fruit trees - promotes good aeration and quick drainage in the root zone		S\$2.00	
D34 Granite Chips (5 L)			S\$8.00	
D35 Granite Chips (10 L)			S\$10.00	
D36 Granite Chips (30 L)			S\$28.00

D37 Zeolite (2 L)	excellent growing medium with high cation exchange capacity (CEC) - helps the plants to absorb nutrients better and is an ideal component of any hydroponic aggregate mix - can add to a maximum of 10% of any growing media mix		No Stock	
D38 Zeolite (4 L)			No Stock	
D39 Zeolite (10 L)			No Stock	
E. Hydro Pots / Net Pots / Mesh Pots / Cups / Crates:				
E1 Net Pots (one piece)	Square top - Australian make small size- 5 cm D X 5 cm H - good for small veggies		S\$0.40	
E2 Net Pots (in pack of 10 pieces)			S\$3.60	
E3 Net Pots (one piece)	medium size - 8 cm D X 5 cm H - good for small fruit vegetables		S\$0.40	
E4 Net Pots (in pack of 10 pieces)			S\$3.60	
E5 Net Pots (UK make)	large 10 cm D X 10 cm H - good for large fruit vegetables		S\$2.00	
E6 Net Pots (Australian make)	Lettuce cup – green blister cups		S\$0.30	
E7 Net Pots (Australian make)	3" diameter – green netted		S\$2.00	
E8 Net Pots (Australian make)	BP 80 (80 mm X 75 mm) – green netted		S\$1.80	
E9 Net Pots (Australian make)	8" diameter – green netted		NO STOCK	
E10 Net Pots (New Zealand make)	3" diameter – light green blister - disposable		NO STOCK	
E11 Net Pots (New Zealand make)	60 mm high – white netted		NO STOCK	
E11 Net Pots (New Zealand make)	80 mm high – white netted		NO STOCK

E12 Mini-brown Pots (10 pcs/pk) (Malaysia make)	plastic pots small size- 5 cm D X 5 cm H - good for small seedlings		S\$4.00	
E13 Thumb Pots (10 pcs/pk) (Malaysia make)	plastic pots mini size- 4 cm D X 4 cm H - good for germinating herb seedlings		S\$4.00	
E14 Normal Pots (per pce) - Baba (Malaysia make)	plastic pot small size- 26 cm D X 26 cm H - good for germinating herb seedlings		S\$2.80	
E15 Normal Pots (per pce) - Baba (Malaysia make)	plastic pot large size- 31 cm D X 31 cm H - good for germinating herb seedlings		S\$ 3.80	
F. Growing Containers / Planter Boxes / Channels:				
F1 Planter Box	small - 40X8X8 cm LBH - ideal for small hydroponic systems like Beginner's Kits		S\$8.00	
F2 Planter Box	medium - 60X10 X10 cm LBH - ideal for small hydroponic systems like Beginner's Kits		S\$12.00	
F3 Planter Box	large 120X15X15 cm LBH – ideal for herbs		S\$32.00	
F4 Roman Trough	small - 76 X 31 X 23 cm LBH		S\$62.00	
F5 Roman Trough	medium – 96X38X29 cm LBH		S\$75.00	
F6 Roman Trough	large - 114X48X41 cm LBH		S\$136.00	
F7 Tomato Pot	Black - medium - 300X20 cm Ht x Dia		S\$10.00	
F8Tomato Pot	Black - medium - 300X20 cm Ht x Dia + Leca balls		S\$18.00	
G. Holding Frames / Styrofoam / Polyfoam Sheets:				
G1 Compressed foam	3'x3'x1/2" LBH		S\$7.80	

Prices quoted in this catalog are subject to revision at the discretion of HPC – based on market supply & demand
All our products at HPC are of the highest quality and the cheapest price – THE best deal in the market!

G2 Compressed foam	3'x2'x1/2" LBH		S\$5.80	
G3 Compressed foam	3'x1'x1/2" LBH		S\$3.80	
G4 Extruded (Blue) foam	4'x2'x1" LBH		S\$12.00	
H. Hydroponic Growing Systems:				
H1 Kid's Hydroponics Kit (Cup Hydroponics)	Safe for kids - c/w one growing cup, one plant support, 120 ml of Ready Mix Hydroponic Nutrients, seeds, ONE net pot, leca, sponges/cotton wool, Instruction manual – excellent Birthday Gift for Kids		S\$15.00	
H2 Hobby Hydroponics Kit (2 / 4 / 5 / 6 X PLANT SYSTEM) (idea kit)	Ideal for first timers - c/w one growing trough, planting board for 2 or 5 plants, 250 ml each of A/B nutrients or solid packets, seeds, 2 or 5 net pots, leca, sponges/cotton wool, petri dish & Instruction manual - good for experimentation / testing		S\$20.00 S\$25.00 S\$30.00 S\$35.00	
H3 School Hydroponics Kit (ELEVEN PLANT SYSTEM)	Perfect for school projects - c/w plastic planting board for ELEVEN plants, 2 sets of 250 ml of A/B nutrients or solid packets, seeds, 12 net pots, leca, sponges/ cotton wool, petri dish & Instruction manual - Ideal for experimentation – good for mini-projects / nutrient trials		S\$45.00	
H4 Eco-Friendly Hydroponics Kit (free & easy)	ONE packet containing 250 ml of A/B nutrients, seeds, 10 numbers of 5 cm net pots, leca, sponges/ cotton wool, petri dish & Instruction manual -ideal for using with any container & planting board you might have		S\$18.00	
H4 NFT Channel – SG 50-UV resistant	100 mm wide X 50 mm high channel c/w base channel & lid + TWO end caps – one with spout & one without spout	Per meter	S\$40.00	

Our Speciality – environment-friendly – NO FRILLS PACKAGING!!! – Click on the DISTRIBUTOR'S LIST to locate the outlet nearest to you
Please print a copy of this catalog for reference purpose – BUT check on the latest updates before ordering, especially product codes & product pricing

H5 NFT Channel – SG 70-UV resistant	155 mm wide X 70 mm high channel c/w base channel & lid + TWO end caps – one with spout & one without spout	run	S\$70.00	
H5 NFT Channel – SG 225-UV resistant	225 mm wide X 80 mm high channel c/w base channel & lid + TWO end caps – one with spout & one without spout		S\$100.00	
H6 NFT System 3' – MODEL 1 - FOUR channel system - 1 – tier (flat) System - 8 plants X 4 = 32 plants	90 X10 X 5 cm channel, UV resistant c/w solution tank, submersible pump with switch and all necessary fittings including a PVC or a GI pipe stand + DIY system – PROMOTION PRICE!	Per Set	S\$320.00 (Up S\$ 420.00)	
H7 NFT System 5' – MODEL 2 - FOUR channel system - 2 - tiers - 14 plants X 4 = 56 plants	150 X10 X 5 cm channel, UV resistant c/w solution tank, submersible pump with switch and all necessary fittings including a PVC or a GI pipe stand + DIY system – PROMOTION PRICE!	Per Set	S\$560.00 (Up S\$ 660.00)	
H8 NFT System 8' – MODEL 3 - FOUR channel system - 2 - tiers - 22 plants X 4 = 88 plants	240 X10 X 5 cm channel, UV resistant c/w solution tank, submersible pump with switch and all necessary fittings including a PVC or a GI pipe stand + DIY system – installation (PROMOTION PRICE)	Per Set	S\$880.00 (Up S\$ 1,080.00)	
H9 NFT System 10' – MODEL 4 - FOUR channel system - 2 - tiers - 29 plants X 4 = 116 plants	300 X10 X 5 cm channel, UV resistant c/w solution tank, submersible pump with switch and all necessary fittings including a PVC or a GI pipe stand + DIY system – installation (PROMOTION PRICE)	Per Set	S\$1,160.00 (Up S\$ 1,460.00)	
H10 NFT System 10' – MODEL 5 - EIGHT channel system - 4 - tiers - 29 plants X 8 = 232 plants	300 X10 X 5 cm channel, UV resistant c/w solution tank, submersible pump with switch and all necessary fittings including a PVC or a GI pipe stand + DIY system – installation	Per Set	S\$2,320.00 (Up S\$ 2,720.00)	Promotion Price!
H11 Aeroponics	220 X 50 X 50 cm LBH chamber , UV resistant c/w solution tank, high-pressure pump, nozzles, timer		S\$2,840.00	

Our Speciality – environment-friendly – NO FRILLS PACKAGING!!! – Click on the DISTRIBUTOR'S LIST to locate the outlet nearest to you
Please print a copy of this catalog for reference purpose – BUT check on the latest updates before ordering, especially product codes & product pricing

	switch, disc filtre and all necessary fittings including a PVC pipe stand + installation			
H12 EFT System 3'	100X50 cm LB trough UV resistant c/w solution tank, submersible pump with timer switch and all necessary fittings including a PVC pipe stand + installation		No Stock	
H13 DIT-AUTO Hydroponics 3'	100X50 cm LB trough UV resistant c/w solution tank, submersible pump with timer switch and all necessary fittings including a PVC pipe stand + installation		No Stock	
H14DIT - Manual Hydroponics 3' - system	100X50 cm LB trough UV resistant c/w solution tank, and all necessary fittings including a PVC pipe stand + installation		No Stock	
H15 Tomato Kit	30 cmx30cm DH for growing tomatoes & cucumbers c/w holding frame for the pots, 500 ml of <u>LushGro</u> Nutrients, net pots and instruction manual		S\$20.00	
H16 Mini-Hydroponic Kits	Ideal for use on table-tops, TV-tops and computer-tops - simple bottom-heavy systems with a rubber suction base - can grow simple indoor foliage plants with some FISH swimming in the water	No Stock	S\$15.00	
H17 Auto-Pot System SMALL Sub-Irrigation system (1 pot) Sub-Irrigation system	Single pot c/w water regulating smart valve, perlite, nutrients, etc. – fill the water reservoir once a month! (for table top indoor plants)		S\$30.00	
H 18Auto-Pot System BIG ROUND (1 plant) Sub-Irrigation system	c/w water regulating smart valve, perlite, nutrients, water tank, etc. – fill the water reservoir once a month! (for office rooms and homes – verandas & porticos for big plants including palms - indoor plants)		S\$140.00	
H 19 Auto-Pot System OBLONG (3 plants) Sub-Irrigation system			S\$150.00	
H 20 Auto-Pot WINDOW BOX Sub-Irrigation system	C/w water regulating smart valve, perlite, nutrients, etc. – fill the water tank once a month! (for office		S\$50.00	

Our Speciality – environment-friendly – NO FRILLS PACKAGING!!! – Click on the DISTRIBUTOR'S LIST to locate the outlet nearest to you
Please print a copy of this catalog for reference purpose – BUT check on the latest updates before ordering, especially product codes & product pricing

H 21 Auto-Pot ONE-POT system Sub-Irrigation system	rooms and homes – verandas & porticos for all plants including palms - indoor & outdoor plants		S\$60.00	
H 22 Auto-Pot 8-POT system Sub-Irrigation system			S\$250.00	
H 23 Auto-Pot System – Single Pot	One Set only c/w water regulating smart valve + tubings		S\$34.00	
H 24 Auto-Pot System – Double Pot	One Set only c/w water regulating smart valve + tubings		S\$44.00	
H 25 Auto-Pot System – Tank only	140 litre tank+ tubings + control valve		S\$98.00	
H 26 Fibre Glass Tank + Funnel Base	140 litre tank+ tubings + control valve		S\$380.00	
H 27 Sprouter Kit - small	Transparent Receptacle		S\$8.00	
H 28 Sprouter Kit - medium	Green Receptacle		S\$10.00	
H 29 Sprouter Kit - small	Hexagonal Kit		S\$10.00	
H 30 Sprouter Kit - large	Hexagonal Kit		S\$20.00	
H 31 Sprouter Kit - large	Multiple Use Kit – rectangular 3 piece kit (option of black lid or transparent lid)		S\$35.00	
I. Growing Houses / Greenhouses:				
I-1 HPC Greenhouse Model 1510SS	size 15'X10' X15' LBH c/w one weather-proof electric circuit box & wiring including supply & installation. 10- 15 persons can go in and interact with the plants		made-to- order Price to be quoted upon request	
I-2 HPC Greenhouse Model 3010SS	size 30'X10' X15' LBH c/w one weather-proof electric circuit box & wiring including supply & installation. 10-

K41 LUSHGro – Sulphur Flakes (1 kg)			S\$10.60	
K42 LUSHGro – Sulphur Flakes (1 kg) – Refill pack			S\$9.60	
K43 LUSHGro - Trace element Mix (100 g)	A balanced trace element powder for hydroponics & garden plants		No Stock	
K44 LUSHGro - Urea (100 g)	minimum 98 % pure FERTILIZER GRADE soluble nutrients that can be used to prepare or adjust nutrient solution - strictly for use as plant food only		S\$3.00	
K45 LUSHGro - Urea (1 kg)			S\$10.60	
K46 LUSHGro - Urea (500g)			S\$6.80	
K47 LUSHGro - Zinc Sulphate (100 g)	A trace element supplement for hydroponics & garden plants		S\$4.00	
K48 LUSHGro - Zinc Sulphate (1 kg)			S\$12.60	
K49 LUSHGro - Rexolin D11 (100 g)	Fe-DTPA containing 11% chelated iron		S\$6.50	
K50 LUSHGro - Rexolin E13 (100 g)	Fe-EDTA containing 13% chelated iron		S\$8.50	
K50 LUSHGro - Rexolin E13 (500 g)	Fe-EDTA containing 13% chelated iron		S\$24.50	
K50 LUSHGro - Rexolin E13 (1 kg)	Fe-EDTA containing 13% chelated iron		S\$32.50	
K51 LUSHGro - Rexolin Cu (100 g)	Cu-EDTA containing 15% chelated copper		S\$12.50	
K52 LUSHGro - Rexolin Mn (100 g)	Mn-EDTA containing 13% chelated Manganese		S\$12.50	
K53 LUSHGro - Rexolin Zn (100 g)	Zn-EDTA containing 15% chelated Zinc		S\$12.50	
K54 LUSHGro - Rexolin Co (100 g)	Co-EDTA containing 14% chelated cobalt		S\$12.50	

Our Speciality – environment-friendly – NO FRILLS PACKAGING!!! – Click on the DISTRIBUTOR'S LIST to locate the outlet nearest to you
Please print a copy of this catalog for reference purpose – BUT check on the latest updates before ordering, especially product codes & product pricing

K55 LUSHGro - Rexolin APN (100 g)	an ideal mixture of all chelated nutrients mentioned above containing 5.8% iron, 2.3% manganese, 1.3% zinc, 1.05% boron, 0.25% copper, 0.24% molybdenum and 0.03% cobalt		S\$9.50	
K55 LUSHGro - Rexolin APN (1 kg)			S\$38.50	
K55 LUSHGro - Rexolin APN (25 kg)			S\$486.50	
K55 LUSHGro - Rexolin Sachets from Taiwan 10 g	assorted packs		S\$4.00	
L. Package Deals for Planted Tank Enthusiastics – REAL VALUE FOR MONEY!				
Ideal and handy for DIY enthusiasts!				
L1 HPC - Package Deal 1	Nutrition Kit for Planted Tanks - LUSHGro-AQUA (ONE litre), Micros (120 ml) and 100 g each of KH ₂ PO ₄ , K ₂ SO ₄ , KNO ₃ , MgSO ₄ , NaHCO ₃		S\$38.00 (SAVE \$3.00)	
L2 HPC - Package Deal 2	Supplements for Planted Tanks – 100 g each of Fe-EDTA 13% Fe, KH ₂ PO ₄ , K ₂ SO ₄ , KNO ₃ , MgSO ₄ , NaHCO ₃ and Na ₂ S ₂ O ₃ .5H ₂ O – a PMDD DIY Kit		S\$24.00 (SAVE \$2.00)	
L3 HPC - Package Deal 3	Trace Elements Pack for Plants – 100 g each of ZnSO ₄ , CuSO ₄ , Fe-EDTA 13% Fe, MnSO ₄ ,		S\$16.00 (SAVE \$2.00)	
L4 HPC - Package Deal 4	The “MUST” Nutrition Kit for Planted Tanks - LUSHGro-AQUA (500 ml), Micros (120 ml)		S\$16.00 (SAVE \$1.00)	
M. Organic Manures / Complex / Compound Fertilizers – for use in potted plants & garden plants				
M1 LUSHGro - Nitro-Phos-Ka (1 kg)	contains 15% N 15% P 15% K		S\$6.00	
M2 LUSHGro - Nitro-Phos-Ka (1 kg)	contains 13% N 13% P 21% K		S\$6.00	
M3 LUSHGro - Osmocote Slow Release (1 kg)	contains 18% N 11% P 10% K		S\$15.00
